

INTRODUCING... **THE FAR-EAST BAY!**

Make sure you deliver the fastest growing region in the Metro! Over 1,250,000 people live **EAST** of the East Bay mountains!

San Francisco Based Stations Under-Deliver the Far East Bay...

The Metro's top 10 rated A25-54 radio stations all originate in San Francisco... But most of the San Francisco based stations do not deliver the same ratings in the Far East Bay...leaving an imbalanced delivery.

Imbalance is Easily and Affordably Correctable...

Only two metro stations are based in the Far East Bay!
